

CS-24-333 4th Meeting

Date: 10/16/2023

Notes:

Edited the proposal

Added new resources: Quarto for starting website, Next.js

Work backwards, we should think about our expo poster and work from that

Think about where our website will be hosted

Start coding process soon

Tasks:

Create gantt chart or schedule that goes from now to April

- Share with stakeholders
- Gantt chart can be made in quarto mermaid
- Could use google sheets
- Will be stored on github as well

Create a sample website to show stakeholders

- Will show how users will interact with it (depending on their role, Dean, etc.)

Next Meeting:

A week or two from now
